

Excellent Fishing

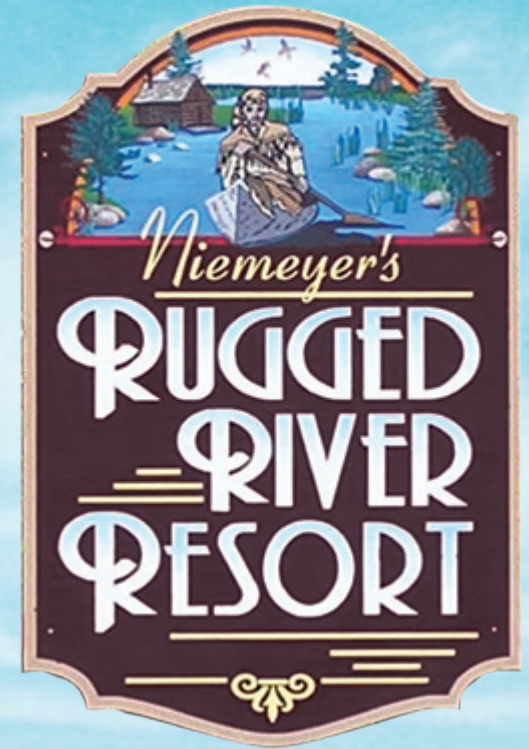

The upper Mississippi River is one of Minnesota's best kept secrets. No matter what you like to fish for, you'll catch them on the river. Early summer is excellent for northern and walleye, with over 15 miles of river to explore. Late summer provides some of the best Smallmouth bass fishing in the area and pan fish can be caught all season.

Fun Activities

When you are not basking in the sun on the deck of our heated pool and hot tub, you'll love hiking or biking the trails, playing yard games and trying out the canoes, kayaks and paddleboat. Feeling more adventurous? Rent a boat or bring your own to explore the river.
